

PRIVACY POLICY

Revised: August 5, 2019

Privacy

Birch Community Services, Inc. (hereafter BCS) does not sell, trade, or share with anyone else the personal information of our participants and donors, nor do we send to our participants and donors any mailings on behalf of other organizations. We do reserve the right to work with trusted vendors for the purpose of maintaining the accuracy of your information or to assist us in communicating with you. Our vendors sign a non-disclosure agreement with BCS expressing that they will only use your information for purposes related to BCS. For questions regarding our privacy policy, please contact us at info@bcsi.org

What Personally Identifiable Information (PII) is Collected

Individuals that sign up to receive BCS communications voluntarily provide us with their contact information (such as name, phone, address, e-mail address, etc.). We may use this information for specific, limited purposes related to BCS activities. You may always "opt out" by contacting BCS either now or at any time in the future if you do not wish to receive our communications.

How Your PII May Be Used

We use your PII to provide you with personalized service; to send e-mail alerts to you; to answer your requests; to send you information in the mail about BCS; and for other BCS-related purposes. We may also use your information to track the visitors to our website. This lets us see which of our features are the most popular so we can better serve our users' needs. It also lets us provide aggregate data about our traffic (not identifying you personally, but showing how many visitors used which features, for example).

Online Data Security

All forms on our website are encrypted with Secure Sockets Layer (SSL) technology to protect against the loss, misuse and unauthorized alteration of PII transmitted between the user and our website. All information is stored in a secure database. Unfortunately, the transmission of information via the internet is never completely secure in today's world. Although we do our best to protect your PII, the security of your personal or sensitive information transmitted to us cannot be guaranteed, and any transmission of PII or sensitive information is at your own risk. All donations and payments made online to BCS are handled by PayPal and CrowdRise. Information about how PayPal and CrowdRise protect and secure user-submitted data is available on their websites.

Modifications

We may amend this privacy policy from time to time, so please review it periodically. We maintain the option to modify this policy at any time by electronic notice posted on our website.

The existence of this privacy policy does not prohibit BCS from contacting donors and prospective donors for informational, educational, or solicitation purposes.
